Skills

- 💻 Typescript (Angular), C# (.NET + ASP.NET), C++, C, Python, Java, Transact-SQL, SQLite
- 📝 L^AT_EX, HTML, CSS
- ⚙️ Linux, Windows, macOS
- 💻 Visual Studio, Visual Studio Code, SQL Server Management Studio
- 💻 Azure DevOps, Git

Languages

- 🇮🇹 Italian (Mother tongue)
- 🇬🇧 English (Fluent)

ABOUT ME

Passionate about the intersection of technology and innovation, I am a Computer Science Master's degree graduate with a keen interest in web technologies.

From designing efficient algorithms to developing user-centric web applications, I am committed to leveraging my expertise to drive meaningful advancements in the digital landscape.

With a strong foundation in computer science principles and a proactive approach to learning, I am poised to contribute effectively to projects that push the boundaries of technological possibility.

WORK EXPERIENCE

- **TEXA s.p.a.**
Full-time, Software developer
MAY 2022 – CURRENT

Developed multiple single-page web applications using Angular for the front-end, ASP.NET for REST API implementation, and real-time communication with SignalR.

Managed database operations with SQL Server Management Studio (SSMS).

Employed advanced security measures to ensure confidentiality and compliance.

EDUCATION

- **Computer science, Ca' Foscari University of Venice**
Software dependability and cybersecurity
VENICE SEP 2019 – MAR 2022
 - Master's degree
 - English programme
 - Degree grade: 110/110

- **Computer science, Ca' Foscari University of Venice**
VENICE SEP 2015 – APR 2019
 - Bachelor's degree
